

MUHAMMAD TAIMOOR AHSAN

### **6 Months Cyber Security Roadmap:**

Planning my roadmap for the next 6 months, I have to do these following things;

- 1)Complete TCM Security SOC 101 course
- 2)Complete TCM Security SOC 201course
- 3)Learn Wazuh and do hands-on projects
- 4)Learn Splunk and get hands on experience
- 5)Learn ELK stack and get hands on experience
- 6)Learn Microsoft sentinel and get hands on experience
- 7)Learn IBM QRadar and get hands on experience
- Master the blue teaming skills, and get a job in the industry of position SOC Level 1
- 8)Learning offsec and getting handson
- 9)Do Google Cyber Security Certificate
- 10)CCNA youtube lectures of Jeremy's IT Lab
- 11)Learn Kubernetes
- 12)Learn piplines CI/CD

Moving to DevSecOps

Generating a monthly income of 250,000 pkr then move to

- 13)Starting a Saas company of my own
- 14)Building new connections becoming extrovert
- 15)Hiring fresh talents and scaling the company to 10,000\$

These are the goals that I have to accomplish in  
the next 6 months till 31 May 2026 InShaAllah.
